

Proposed provisional decision on the awarding of grants, on a competitive basis, for the first 2025 call for applications for the publication abroad of illustrated works

L0125 U10 Res. Prov. 1aC 2025

Background facts

1. By decision of the Director of the Consortium Institut Ramon Llull (hereinafter, the “Institut Ramon Llull”) of 29 January 2025 (DOGC – [Official Journal of the Government of Catalonia – *Diari Oficial de la Generalitat de Catalunya*] no. 9345, of 6 February 2025), the first 2025 call for applications for the awarding of grants, on a competitive basis, for the publication abroad of illustrated works was opened.
2. Applications submitted by the deadline established in the aforementioned call for applications are included in the dossier.
3. On 20 May 2025, the assessment committee met to analyse and assess the applications submitted.

Legal bases

1. Law 38/2003, of 17 November, on general provisions for grants and subsidies, and Royal Decree 887/2006, of 21 July, approving the Regulation of Law 38/2003, of 17 November, on general provisions for grants and subsidies.
2. Legislative Decree 3/2002 of 24 December, approving the Consolidated Text of the Catalan Public Finance Act.
3. Agreement GOV/85/2016, of 28 June, approving the amendment of the standard template for governing terms and conditions approved by Agreement GOV/110/2014, of 22 July, approving the standard template for terms and conditions governing procedures for the awarding of grants, on a competitive basis, processed by the Administration of the Government of Catalonia and its public sector, and approving the full text.
4. The decision dated 22 January 2025 (DOGC no. 9337, of 27 January 2025), publicising the Agreement of the Board of Directors dated 16 January 2025, amending the terms and conditions governing the awarding of grants for the publication of illustrated works abroad.
5. Rule 10 of the terms and conditions governing the Institut Ramon Llull's call for the awarding of grants for the publication abroad of illustrated works governs the grant award procedure.
6. Rule 10.3 of the aforementioned rules establishes that applications are analysed by an assessment committee whose composition is determined in the rules themselves. The members of the evaluation committee are appointed by resolution of the head of the Management of the Institut Ramon Llull Consortium.
7. Rule 10.5 of these terms and conditions establishes that it is the responsibility of the examining body to formulate the proposal for the provisional decision on the awarding of grants

Decision

I therefore decide:

1. To propose the applicants listed in the annex as beneficiaries of the grants for the amounts and for the purposes set forth therein.
2. To establish that the applicants proposed as beneficiaries of grants have 10 working days from the day following the publication of this decision to submit representations or abandon their application.
3. To notify the applicants proposed as beneficiaries in Annex that they must submit, within 10 working days of the day following the publication of this decision, any previously provided documentation listed in Clause 11.5 that has undergone amendment, advising them that failure to do so entails the assumption that the documentation provided as true.
