Activity: Agnes Essonti Luque residency
Amount requested: €5,200.00
Amount eligible for grant: €5,200.00
Amount granted: €3,549.52

On 3 July 2026, Experimentem amb l'ART submitted an appeal of the Institut Ramon Llull provisional resolution proposal dated 26 June 2026, the details of which have been included in the file.

After examining the file and reviewing the score proposed by the examining body, it has been found that:

The committee awarded 0 points for criterion b.4) The project incorporates aspects and/or topics related to a gender or LGBTQ+ perspective (0.5 points). Afterwards, the committee reviewed the score awarded to Experimentem amb l'ART, taking into account the artist chosen for the residency and the project proposed. In line with the assessment parameters and the information provided with the appeal, the committee has decided to change the score for criterion b.4) to 0.5 points.

The committee awarded 2 points for criterion b.1) Interest, content and quality of the project (up to 4 points). All aspects of the international residency project will be assessed, including the artists selected, the programme and work plan, and the tools provided for residents (amount and suitability). Afterwards, the committee reviewed the score awarded to Experimentem amb l'ART and decided not to change the points awarded because the artist was chosen after the committee convened and subjective criteria can't be assessed individually without taking into account all the projects, as the committee did when it met.

For all the reasons explained above, the Experimentem amb l'ART appeal of the provisional resolution proposal of the Institut Ramon Llull examining body dated 26 June 2026 has been partially accepted and, as a result:

- The score awarded for criterion b.4 has been changed to 0.5 points.
- The score awarded for criterion b.1 remains at 2 points.
- The total score awarded has been changed to 11.5 points.

- The amount awarded, in line with the new score, is €3,549.52.

On 9 July 2026, Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico submitted an appeal of the Institut Ramon Llull provisional resolution proposal dated 26 June 2026, the details of which have been included in the file.

After examining the file and reviewing the score proposed by the examining body, it has been found that:

The committee awarded 1 point for criterion a.2) Relevance (interest and quality) of the residencies or international projects (up to 3 points). Afterwards, the committee reviewed the score awarded to Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico and decided not to change the points awarded because the artist was chosen after the committee convened and subjective criteria can't be assessed individually without taking into account all the projects, as the committee did when it met.

The committee awarded 0 points for criterion b.4) The project incorporates aspects and/or topics related to a gender or LGBTIQ+ perspective (0.5 points). Afterwards, the committee reviewed the score awarded to Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico, which explained its generic work method based on non-discrimination and does not include a specific gender or LGBTIQ+ perspective for the residency project to which the grant application pertains. In line with the assessment parameters and the information provided with the appeal, the committee has decided the score for criterion b.3) will remain at 0 points.

The committee awarded 2 points for criterion b.1) Interest, content and quality of the project (up to 4 points). Afterwards, the committee reviewed the score awarded to Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico and decided not to change the points awarded because the artist was chosen after the committee convened and subjective criteria can't be assessed individually without taking into account all the projects, as the committee did when it met.

For all the reasons explained above, the Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico appeal of the provisional resolution proposal of the Institut Ramon Llull examining body dated 26 June 2026 has been not accepted and, as a result:

- The score awarded for criterion a.2 remains at 1 point.

On 10 July 2026, Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico submitted an appeal of the Institut Ramon Llull provisional resolution proposal dated 26 June 2026, the details of which have been included in the file.

After examining the file and reviewing the score proposed by the examining body, it has been found that:

The committee awarded 1.5 points for criterion b.1) Interest, content and quality of the project (up to 4 points). Afterwards, the committee reviewed the score awarded to Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico and decided not to change the points awarded because the artist was chosen after the committee convened and subjective criteria can't be assessed individually without taking into account all the projects, as the committee did when it met.

For the reasons explained above, the Associació Cultural pel Desenvolupament de la Cultura i les Arts Tautològico appeal of the provisional resolution proposal of the Institut Ramon Llull examining body dated 26 June 2026 has been not accepted and, as a result:

- The score awarded for criterion b.1 remains at 2 points.

ANNEX II

EF00500/L0196 N-RESI 263/26-1

Applicant: Associació Teatral La Korbata

Dates: 14/09/2026 - 28/09/2026

Activity: Eva Hibernia (Eva María Pérez Gil) residency

Amount requested: €8,725.00

Amount eligible for grant: €0.00

Amount granted: €0.00

On 10 July 2026, Associació Teatral La Korbata submitted an appeal of the Institut Ramon Llull provisional resolution proposal dated 26 June 2026, the details of which have been included in the file.

After examining the file and reviewing the score proposed by the examining body, it has been found that:

The committee awarded 1 point for criterion a.2) Relevance (interest and quality) of the residencies or international projects (up to 3 points). Afterwards, the committee reviewed the score awarded to Associació Teatral La Korbata and decided not to change the points awarded because the artist was chosen after the committee convened and subjective criteria can't be assessed individually without taking into account all the projects, as the committee did when it met.

The committee awarded 1 point for criterion b.1) Interest, content and quality of the project (up to 4 points). Afterwards, the committee reviewed the score awarded to Associació Teatral La Korbata and decided not to change the points awarded because the artist was chosen after the committee convened and subjective criteria can't be assessed individually without taking into account all the projects, as the committee did when it met.

The committee awarded a score of 1 point for criterion b.3) The project includes participation from people with functional diversity or at risk of exclusion from society, or has a social impact or value (0.5 points). Afterwards, the committee reviewed the score awarded to Associació Teatral La Korbata and decided to change the points awarded because this aspect was not assessed properly.

For all the reasons explained above, the Associació Teatral La Korbata appeal of the provisional resolution proposal of the Institut Ramon Llull examining body dated 26 June 2026 has been accepted and, as a result:

- The score awarded for criterion a.2 remains at 1 point.
- The score awarded for criterion b.1 remains at 1 point.
- The score awarded for criterion b.3 has been changed to 0.5 points.
- The total score awarded has been changed to 6.5 points.

Therefore, the score for this application is as follows:

Experience of the applicant in hosting residencies or international projects: 2 points

Selection of residents through open call: 0 points

Projects involving people with disabilities/at risk of social exclusion, or with a social impact or value: 0.5 points

The project incorporates aspects and/or topics related to a gender or LGBTIQ+ perspective: 0.5 points

Carrying out networking activities: 0 points

Specialised mentorships: 1.5 points

Relevance of the artist residencies: 1 point

Interest, content and quality of the project: 1 point

Total score: 6.5 points

As the modified score is still under 7 points, which is the minimum required as per point 9.2 of the call guidelines, the rejection of the Associació Teatral La Korbata grant application stands.

EF00500/L0196 N-RESI 551/26-1

Applicant: Associació Eima Dansa

Dates: 10/05/2026 - 25/05/2026

Activity: Cia. Mariantònia Oliver residency

Amount requested: €5,950.00

Amount eligible for grant: €0.00

Amount granted: €0.00

On 23 July 2026, Associació Eima Dansa submitted a written notification of the following changes to the project initially submitted:

- Change of dates (initially scheduled for May 2026, changed to 24 October to 2 November 2026).
- Change in the members of the artistic team (Alejandra Balboa replaced by Luca Bonadei and Pedro Mas).
- Partial change in the location of the activity (initially included travel outside of Bamako and the residency location was Don Sen Folo – LAB, while the activities in the new project are all in Bamako at the Zéméba space).

After analysing the changes notified by the grant applicant and reviewing the file, the committee has reached the conclusion that:

Point 17 b) of the grant guidelines provides that the grant-funded activity must be carried out according to the project submitted, and the examining body must be notified of any changes to the project or

schedule submitted before the end of the fulfilment period and, if the requested modification does not result in a substantial change or constitute non-compliance with the requirements and conditions laid out in these guidelines, said body will have one month to accept or reject it. Grants may be revoked in full or part if any changes are made and not notified or expressly accepted.

Moreover, article 27 of Law 38/2003, of 17 November (General Subsidies Act) establishes that the changes to the project must be in line with the aims, conditions and purpose of the grant, as well as the assessment criteria established for the grant applications or requests.

Therefore, given the regulations cited above, the organisation should have notified Institut Ramon Llull of the changes prior to the original start date for the activity, in the month of May, but failed to do so. Furthermore, the changes affect not only the dates of the activity but also aspects related to the resident artists and logistics of the activity, which are aspects that can impact the assessment criteria for this application, changing the score awarded.

For all the reasons above, given notification of the changes to the project was not made on time and the changes were substantial in nature, affecting some of the assessment criteria upon which the score was awarded, the changes notified are not accepted and, as a result, the application has been rejected.
